47 4/4

48 I agree with the Fnl Secy that it is not desirable in principle for Govt to bear the entire cost of the buildings. The municipal council should bear at least half the cost. The municipal contribution can be raised to meet the increased recurring cost. The expenditure may be spread over a period of 5 years.

49 Govt may be consulted at a suitable stage.

Denover the 20 Fnl Leg Secy

For 6/4/17 7/4

50 The question of elementary school buildings in the two cities — Bangalore & Mysore — is an important one which deserves the sympathetic consideration of Govt. The health of a large number of children is involved.

When the file should not have been sent to me with a note unanswered for 6/4 (It was sent answered) 3/4

51 The liberal grant for village school buildings (one to one and a half lakhs) is not available for this purpose. Difficulties are raised in the notes for drawing on the 2 lakhs annual provision in the P W budget for educational buildings. How then are we to have decent elementary school buildings in the cities? If the responsibility is thrown wholly or to a great extent on the Municipalities, I am not sanguine of much improvement in the matter at an early date.

52 For Mysore the amount reqd is Rs 30 000. We may distribute the expenditure over two years, 3/4 thereof being given by Govt out of the 2 lakhs grant in the P W budget & 1/4 th being contributed by the Municipality. A definite order to this effect may issue.

53 For Bangalore City a comprehensive programme of elementary school buildings might be called for from the Dy. An order may then issue for carrying out the programme in 2 or 3 years the financing arrangements being similar to that proposed for Mysore city above.
